

CALIMESA CHAMBER FOUNDATION SCHOLARSHIP PROGRAM

The Calimesa Chamber Foundation was established to carry out the charitable and educational objectives of the Calimesa Chamber of Commerce. We are passionate about the growth of our youth and proud to provide scholarships to high school seniors in the San Geronio Pass Area who intend on furthering their education.

We have scholarships for a huge diversity of students. Art majors, nurses, firefighters, journalism students, math majors, law enforcement, community college, vocational school, and more — all are encouraged to apply.

Scholarship funds have been generously donated from individuals, families, businesses, nonprofits, civic groups, and government agencies to help local students pursue higher education or learn a trade.

Criteria:

- Must be a senior enrolled in the Yucaipa-Calimesa Joint Unified School District, Beaumont Unified School District, or Banning Unified School District.
- Students must maintain a minimum 2.0 grade point average.
- Students must submit a completed application, with all requested documentation by the deadline.
- Students must be enrolled as full-time students by the fall of the High School Graduating Year.

What does the student need to do:

Simply complete the application, attach copies of requested documents, type a financial need statement and personal essay, and include two letters of recommendation. Please submit your essay and any pertinent documents to the Calimesa Chamber of Commerce on or before the deadline.

What should students expect:

Once our committee reviews all applications, essays, and supporting documents, they will select students who have demonstrated the character and values we are searching for in a candidate. The chosen candidates and parents will be invited to attend the Scholarship Tea, which is held in May each year.
